19. Adjournment [This should take place by 10:00 P.M.]

*Per Board Policy 1230: The Board of Education encourages participation of residents at open Board meetings. The President of the Board shall ask for brief statements from residents and set a time limit (three minutes per resident) on such statements. To allow for public participation, a period not to exceed 15 minutes shall be set aside during the first and last part of each Board meeting. The President shall be responsible for the orderly conduct of the meeting and shall rule on such matters as the time to be allowed for public discussion and the appropriateness of the subject being presented. The President shall have the right to discontinue any presentation which violates this policy. Residents wishing to speak should identify themselves, their address, any organization they may be representing at the meeting, and the topic they wish to discuss. Statements during the first part of the meeting will relate to agenda items. Statements during the second part of the meeting will relate to other district matters.

WEST BABYLON UNION FREE SCHOOL DISTRICT
WEST BABYLON, NEW YORK

REGULAR MEETING
BOARD OF EDUCATION

BOARD ROOM - ADMINISTRATION BUILDING

TUESDAY – JUNE 28, 2016

RESOLUTIONS

BOARD OF EDUCATION

****#BE-1**

RESOLVED: that the West Babylon Board of Education approves the following educational center to provide special education services, to West Babylon School District resident students, during the 2016-2017 school year:

AHRC Brookville Center for Children's Service, Inc.-Autism Program

****#BE-2**

RESOLVED: that the West Babylon Board of Education approves the service agreement between Innovative Behavior Interventions and the West Babylon School District to provide parent training services to parents/guardians of West Babylon School District resident students, during the 2016-2017 school year.

****#BE-3**

RESOLVED: that the West Babylon Board of Education approves the following residential and educational center to provide special education services, to West Babylon School District resident students, with disabilities, during the 2016-2017 school year:

Little Flower Union Free School District

****#BE-4**

RESOLVED: that the West Babylon Board of Education approves the following agency to provide instruction to West Babylon School District resident students, with handicaps, during the 2016-2017 school year:

Maryhaven Center of Hope

****#BE-5**

RESOLVED: that the West Babylon Board of Education approves the licensing and maintenance agreement between Educational Data Services, Inc. and the West Babylon School District, for the 2016-2017 school year.

****#BE-6**

RESOLVED: that the West Babylon Board of Education approves the Skilled Trades Bids agreement between Educational Data Services, Inc. and the West Babylon School District, for the 2016-2017 school year.

****#BE-7**

RESOLVED: that the West Babylon Board of Education approves the following agency to provide nursing and therapy staffing services to West Babylon School District resident students, during the 2016-2017 school year:

Homecare Therapies, LLC/dba Horizon Healthcare Staffing

PERSONNEL

**#PE-1

RESOLVED: that the following schedules, as attached, are approved:

<u>15-P-21</u>	Professional Personnel
<u>15-C-21</u>	Civil Service Personnel

FINANCE

****#FI-1**

RESOLVED: that the West Babylon Board of Education approves the Treasurer’s Report for the month of May, 2016.

****#FI-2**

RESOLVED: that the West Babylon Board of Education hereby, retroactively, approves the following budget transfers:

<i>ACCOUNT CODE</i>	<i>ACCOUNT CODE DESCRIPTION & TRANSFER EXPLANATION</i>	<i>FROM</i>	<i>TO</i>
A9060.8000	Health Insurance	\$ 32,228.09	
A9061.8000	Dental Insurance		\$ 26,169.39
A9062.8000	Medicare Reimbursement		\$ 6,058.70
	Payment of June billing		

****#FI-3**

RESOLVED: that the Board of Education of the West Babylon Union Free School District, authorizes the Executive Director for Finance & Operations to finalize the financing of one (1) Thomas School Bus with Municipal Leasing Consultants of Grand Isle, Vermont, its Agents or Assignees. The proposal was approved at a rate of 4.526% which is fixed until July 2, 2016 after which time the rate floats until funding and will be based on the Like Term Swap Rates. The Executive Director for Finance & Operations for the West Babylon Union Free School District is hereby authorized to execute any and all legal documents necessary to conclude financing of the lease purchase agreement, subject to the approving opinion by the school’s attorney, Van Nostrand and Martin.

****FI-4**

RESOLVED: that the West Babylon Board of Education authorizes an appropriation and transfer of funds, in an amount not to exceed \$200,000.00, from the Employee Benefit Accrued Liability Reserve Fund to be used for the cash payment of the monetary value of accumulated or accrued and unused sick leave and/or vacation leave due to employees who retire from the District during the 2015-2016 fiscal year. This reserve was previously authorized in accordance with New York General Municipal Law Section 6-p.

Continued.....

BE IT FURTHER RESOLVED: that the West Babylon Board of Education authorizes these funds to be added to the current 2015-2016 Budget by increasing the appropriation to the A2020.1661 (Non-instructional Vacation/Sick Pay) and A2110.1560 (Instructional Retiree Sick Pay) for a total not to exceed \$200,000.00 from the Employee Benefit Accrued Liability Fund.

****#FI-5**

RESOLVED: that the West Babylon Board of Education gratefully accepts a donation, in the amount of \$368.10, from Ahold Financial Services, on behalf of the Stop & Shop A+ Rewards Program. The donation will be deposited into the South Bay School's Trust and Agency account.

****#FI-6**

RESOLVED: that the West Babylon Board of Education gratefully accepts a donation, in the amount of \$3,328.85, from Ahold Financial Services, on behalf of Stop & Shop's A+ Rewards Program. The donation will be deposited into the Junior High School's Trust and Agency account.

****#FI-7**

RESOLVED: that the West Babylon Board of Education gratefully accepts a donation, in the amount of \$316.32, from Ahold Financial Services, on behalf of Stop & Shop's A+ Rewards Program. The donation will be deposited into the Forest Avenue School's Trust and Agency account.

****#FI-8**

RESOLVED: that the West Babylon Board of Education gratefully accepts a donation, in the amount of \$325.58, from Ahold Financial Services, on behalf of Stop & Shop's A+ Rewards Program. The donation will be deposited into the Santapogue School's Trust and Agency account.

****#FI-9**

RESOLVED: that the West Babylon Board of Education approves Utility Check, Ltd. to conduct a complete examination and analysis of the District's electric, gas and steam charges, for the purpose of securing any savings, credits and/or refunds of such rates and charges. This agreement shall be in effect for the 2016-2017 school year.

**FI-10

RESOLVED: that the following dates be designated as non-calendar religious holidays for the 2015-2016 school year:

Nativity of Mary	9/8/15
Paryushana Parva	9/18/15
Eid al Adha	9/25/15
Shemini Atzeret	10/5/15
Navaratri	10/13/15
All Souls Day	11/2/15
Guru Tegh Bahadur Martyrdom	11/24/15

Confirmation	5/24/16

CURRICULUM

**#CU-1

RESOLVED: that the West Babylon Board of Education declares 196 books (list attached), located in the Senior High School library, obsolete. Per Dr. Patricia Neville, Senior High School Librarian, the books are damaged beyond repair and have a poor circulation history (not borrowed in 5 to 10 years).

FACILITIES

****#FA-1**

RESOLVED: that the West Babylon Board of Education adopts the 2016-2017 District-wide & Building Level (including building specific emergency plans) Safety Emergency Response Plan. Upon adoption, the plan will be submitted to the local and state police departments as well as to the local fire department.

****#FA-2**

RESOLVED: that the West Babylon Board of Education gratefully accepts the donation of a mobile greenhouse from Miss Christina Capobianco, 11th grade student, Senior High School. The greenhouse is part of Miss Capobianco's Girl Scout Gold Star Award project. It will be constructed, under the supervision of Ms. Andrea Montalvo, Senior High School science teacher, in the area that is adjacent to the Senior High School Gym B and across from the courtyard.

WEST BABYLON UNION FREE SCHOOL DISTRICT

REGULAR MEETING - BOARD OF EDUCATION - TUESDAY - JUNE 28, 2016

POLICY

- A. Board Review-Student Health Services (Third Time Adoption) (File:5420)
- B. Board Review-Pediculosis Capitis (Head Lice) (Third Time Adoption) (File:7515)
- C. Board Review-School Safety Plans and Teams (Second Time Discussion) (File:8130)

STUDENT HEALTH SERVICES

The Board of Education recognizes that good student health is vital to successful learning and acknowledges its responsibility, along with that of parent(s) or guardian(s), to protect and foster a safe and healthful environment for the students.

The school shall work closely with students' families to provide detection and preventive health services. In accordance with law, the school will provide vision, hearing, and scoliosis screening. Problems shall be referred to the parent(s) or guardian(s) who shall be encouraged to have their family physician/dentist provide appropriate care.

In order to enroll in school a student must submit a health certificate within 30 calendar days after entering school, and upon entering second, fourth, seventh and tenth grades. The examination, which must conform to state requirements, must have been conducted no more than 12 months before the first day of the school year in question. If a student is unable to furnish the health certificate, the school will provide a physical examination by a licensed provider. A request for exemption from the physical examination, or the requirement to provide a health certificate, must be made in writing to the school principal or designee, who may require documents supporting the request. The only basis for exemption is a claim that the physical examination is in conflict with the parent or guardian's genuine and sincere religious belief.

In order to enroll or continue attendance in school, students must also furnish documentation of required immunizations against certain communicable diseases, as set forth in state law and regulations, unless exempted from immunizations for medical or religious reasons as permitted by state law and regulation.

In addition, students will be asked to provide a dental health certificate when they enroll in school and in accordance with the same schedule as the health certificate.

A permanent student health record shall be part of a student's cumulative school record and should follow the student from grade to grade and school to school along with his/her academic record. This record folder shall be maintained by the school nurse.

Schools shall also provide emergency care for students in accidental or unexpected medical situations. The district will stock epinephrine auto-injectors. Pursuant to Public Health Law §3000-c, the district will establish a collaborative agreement with an emergency health care provider to institute written protocols and procedures for the rest of non-patient specific epinephrine auto-injectors. The district shall ensure that designated staff are appropriately trained. Each school in the district will include in its emergency plan a protocol for responding to health care emergencies, including anaphylaxis. Parents/guardians will be notified of any emergency medical situation as soon as practicable. Parents/guardians will receive notification of non-emergent medical situations that have been reported to the nurse in a timely manner.

Communicable Diseases

It is the responsibility of the Board to provide all students with a safe and healthy school environment. To meet this responsibility, it is sometimes necessary to exclude students with contagious and infectious diseases, as defined in the Public Health Law, from attendance in school. Students will be excluded during periods of contagion for time periods indicated.

It is the responsibility of the Superintendent of Schools, working through district health personnel, to enforce this policy and to contact the county or local health department when a reportable case of a communicable disease is identified in the student or staff population.

During an outbreak of these communicable diseases, if the Commissioner of Health or his/her designee so orders, the district will exclude students from school who have an exemption from immunization or who are in the process of obtaining immunization.

Administering Medication to Students

Neither the Board nor district staff members shall be responsible for the diagnosis or treatment of student illness. The administration of prescribed medication to a student during school hours shall be permitted only when failure to take such medicine would jeopardize the health of the student, or the student would not be able to attend school if the medicine were not made available to him/her during school hours, or where it is done pursuant to law requiring accommodation to a student's special medical needs (e.g., Section 504 of the Rehabilitation Act of 1973). "Medication" will include all medicines prescribed by a authorized medical provider.

Before any medication may be administered to or by any student during school hours, the Board requires:

1. the written request of the parent(s) or guardian(s), which shall give permission for such administration and relieve the Board and its employees of liability for administration of medication; and
2. the written order of the prescribing physician, which will include the purpose of the medication, the dosage, the time at which or the special circumstances under which medication shall be administered, the period for which medication is prescribed, and the possible side effects of the medication.
3. that in order for a student to carry and use a rescue inhaler, an epinephrine auto-injector, insulin, or glucagon and associated testing supplies, written permission must be provided both by the parent and the prescribing authorized medical provider in accordance with state law and regulation .

Both documents shall be kept on file in the office of the school nurse.

Students are allowed to carry and apply parentally provided sunscreen, (only on themselves) without a prescription from a medical provider, assuming that the sunscreen is FDA approved and that the sunscreen is not treating a medical condition. Parents need to provide the district with written permission for students to use sunscreen.

Permission slips and medical orders shall be kept on file in the office of the school nurse.

Life-Threatening Allergies and Anaphylaxis Management

The Board recognizes its role and responsibility in supporting a healthy learning environment for all students, including those who have, or develop, life-threatening allergies. The district will work cooperatively with the student, their parent/guardian and healthcare provider to allow the child to participate as fully and as safely as possible in school activities. When a student has a known life-threatening allergy reported on their health form or if the district has been informed by the parent of the presence of a life-threatening allergy, the district will assemble a team, which may include the parent, the school nurse, the child's teacher, the building principal and other appropriate personnel, which will be charged with developing an individual health care plan. The plan will be maintained by the school nurse. The plan will guide prevention and response. If the student is eligible for accommodations based upon the IDEA, Section 504 or the Americans with Disabilities Act, the appropriate procedures will be followed regarding identification, evaluation and implementation of accommodations.

Regulations

The Superintendent shall develop comprehensive regulations governing student health services. Those regulations shall include the provision of all health services required by law, procedures for the maintenance of health records, and procedures for the administering of medication to students.

PEDICULOSIS CAPITIS (HEAD LICE)

- a) The school nurses in each building may examine students as appropriate or on an as needed basis (referral from parents, teachers, self-disclosure or recommendation by other school or health personnel).
- b) Students suspected of having live lice infestation will be checked by the school nurse.
- c) Students identified with having live lice infestation will be excluded from the classroom. The parent/guardian will be contacted to pick up the child. Printed instructions and verbal review of all instructions will be provided to the parent regarding treatment, disinfection, and return to school procedures. The importance of examining and treating other infested family members will be strongly emphasized. Fine combing with a lice and nit removal comb and manual nit removal is a critical component in the successful treatment and eradication of head lice. It is the parent's responsibility to monitor and treat children as appropriate. The school nurse simply screens children as needed. This is confidential information and will only be shared with other school staff on an appropriate need to know basis.
- d) The school nurse will inspect classmates in the affected student's classroom and other classrooms where there may be potential spread due to student's participation or proximity of activities when appropriate (determined by the nurse). A written notice including instructions for removal of nits or lice will be sent home with students in the affected classrooms, alerting parents to inspect their children's heads at home.
- e) Students identified with only nits will be allowed to remain in school until dismissal. A notice will be sent home advising parents that all nits be removed and the proper methods for nit removal clearly explained by printed materials and verbal explanations as necessary.
- f) Prior to school re-entry, students should be accompanied by parent or guardian to the Health Office to be cleared by the school nurse for return to class. Readmission to the classroom will be allowed if there is no evidence of live lice and the examination shows a clear decrease in the amount of nits on hair shafts. This process will be repeated in seven to ten (7-10) days following return to school and as needed until the infestation is completely eradicated.
- g) Families with repeated and persistent infestation of lice and/or nits will be counseled and advised by the school nurse.
- h) If a family is found to have live infestation or nits, the school nurse may examine siblings or other household members and will notify school nurse of siblings attending other school buildings or districts.
- i) Poor parental compliance with acceptable and effective treatments and/or poor attendance due to persistent or recurrent head lice may result in a Child Protective Services report of child neglect and/or educational neglect. Prompt treatment and quick return to school is the expected standard of response.

Adopted:

SCHOOL SAFETY PLANS AND TEAMS

Emergencies and violent incidents in schools are critical issues that must be addressed in an expeditious and effective manner. The Board of Education recognizes its responsibility to adopt and keep current a comprehensive district wide school safety plan and building-level emergency response plan(s) which address violence prevention, crisis intervention, emergency response and management.

Taken together, the district-wide and building level plans shall provide a comprehensive approach to addressing school safety and violence prevention, and provide the structure where all individuals can fully understand their roles and responsibilities for promoting the safety of the entire school community. The plans shall be designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the district's coordination with local and county resources. The plans shall also address risk reduction/prevention, response and recovery with respect to a variety of types of emergencies and violent incidents in district schools.

In accordance with state law and regulation, the district shall have the following school safety teams and plans to deal with violence prevention, crisis intervention and emergency response and management:

Comprehensive district-wide school safety team and plan

The Board will annually appoint a district-wide school safety team that includes, but is not be limited to, a representative from the following constituencies: the Board, [student], teacher, administrator, and parent organizations, school safety personnel and other school personnel. This team shall be responsible for the development and annual review of a comprehensive district-wide school safety plan. The plan shall cover all district school buildings and shall address violence prevention (taking into consideration a range of programs and approaches that are designed to create a positive school climate and culture), crisis intervention, emergency response and management including communication protocols, at the district level. It shall include all those elements required by law and regulation.

The Board may also appoint a student representative to the district-wide school safety team. However, no confidential building-level emergency response plans shall be shared with the student member, nor shall the student member be present during discussion of any confidential building-level emergency response plans, or confidential portions of the district-wide emergency response strategy.

The Superintendent of Schools or his/her designee shall be the district's chief emergency officer, and shall coordinate communication between school staff and law enforcement and first responders. The chief emergency officer shall ensure that all staff understand the district-wide school safety plan, and shall also ensure that building-level emergency response plans are completed, reviewed annually, and updated as needed.

To maintain security and in accordance with law, the building-level emergency response plan(s) shall be confidential and shall not be subject to disclosure under the Freedom of Information Law or any other law.

[A copy of the plan shall be available in the district offices for inspection by the public].

Building-level emergency response teams and plans

Each Building Principal shall be responsible for annually appointing a *building level emergency response* [school safety] team that includes representation from teachers, administrators, parent organizations, school safety personnel, other school personnel, [local] law enforcement officials, [local ambulance] *fire officials* and other emergency response agencies.

The [school safety] *emergency response* team shall be responsible for the development and review of a building-level emergency response plan for each district building. The plan(s) shall address response to emergency situations, such as those requiring evacuation, *sheltering and lock-down at the building level and shall include all components required by law and regulation*, communication, emergency response (including insuring that local responders have access to floor plans, blue prints, and other appropriate maps of school property and the immediate surrounding area), and evacuation at the building level and shall include all procedures required by law and regulation. *These confidential plans shall include evacuation routes, shelter sites, medical needs, transportation and emergency notification of parents and guardians.*

Building-level emergency response plans shall include protocols in response to carbon monoxide alarms or detection. Alarm or detection of carbon monoxide will result in the appropriate actions as described by the emergency response plan.

[Within each building, the school safety team] *Building level emergency response plans* shall designate:

- an emergency response team *for incidents* that includes appropriate school personnel, [local] law enforcement officials, *fire officials* and representatives from local, regional and/or state emergency response agencies to assist the school community in *responding* to a serious violent incident or emergency; and
- a post-incident response team that includes appropriate school personnel, medical personnel, mental health counselors and other related personnel to assist the community in coping with the aftermath of a serious violent incident or emergency.

The Building Principal, in consultation with the Superintendent, shall annually designate a threat assessment team to provide ongoing support and information in order to identify, and assess individuals who may be potential threats to safety, with the intent of minimizing acts of violence in the school community. The threat assessment team shall be composed of, but not limited to, the following personnel from both within the school and the larger community, as appropriate: building administrators, legal counsel, the medical director and/or school nurse, school counselors, local mental health and social service providers, law enforcement, school resource officers, security personnel, and facilities and maintenance personnel. The team shall meet regularly. The team shall be mindful of the need for discretion and observance of confidentiality requirements.

Students shall be encouraged to bring their concerns to any district employee. If a district employee becomes aware of a threat to the school community, the Building Principal shall be informed and he/she will convene the threat assessment team. The Building Principal may request the participation of the following additional individuals who may have specific knowledge of the potential perpetrator: supervisors, teachers, students and parents. The Building Principal is responsible for keeping the Superintendent informed about the activities of the threat assessment team. Threat assessment team members shall receive appropriate training.

The Building Principal shall be responsible for conducting at least one test every school year of the emergency response procedures under this plan including procedures for sheltering and early dismissal.

To maintain security and in accordance with law, the building-level emergency response plan(s) shall be confidential and shall not be subject to disclosure under the Freedom of Information Law or any other law.

Team Appointments

The members of all district and building-level teams shall be appointed on an annual basis. In appointing team members, the Board and the Building Principal will make an effort to include other persons beyond those groups identified in law and policy who can contribute to ensuring continuity among the plans.

Annual Review and Report

Each plan shall be reviewed by the appropriate school safety team by July 1st every year and updated as needed. Each team shall submit a report to the Board annually stating that it has reviewed the plans and setting forth its recommendations for revisions, if any, to the plan. In conducting the review, the building-level teams shall consider any changes in personnel, local conditions and other factors including an evaluation of the results of the annual test of the emergency response procedures which may necessitate updating of plans. *If the plan requires no changes, then it shall remain in effect. If the district-wide plan requires change, then the updated plan shall be submitted to the Board of Education in time to allow thirty days of public comment and to hold a public hearing which provides for the participation of school personnel, students and other interested parties prior to Board adoption. All plans must be adopted by the Board of Education by July 1.*

The Superintendent of Schools shall be responsible for filing the district-level school safety plan and any amendments to the plan with the Commissioner within 30 days after their adoption. Each Building Principal shall be responsible for filing the building-level safety plan for his or her building and any amendments to the plan with the appropriate local law enforcement agency and the state police within 30 days after their adoption.
