Presentation: A. Every Student Succeeds Act "ESSA" Presentation - Mr. Scott Payne, Assistant Superintendent for Curriculum & Instruction Dr. Farrelly explained the evening's topic and introduced Mr. Payne. A detailed overview of ESSA was provided by Mr. Payne. This overview is also being provided at faculty meetings throughout the District. We will also share this information with parents. The state assessments are used to compare how our students are performing compared to other students outside of our school district. Schools and districts will have certain designations as a result of our state assessment performance and participation rate. The designations and description of what is utilized to determine designations was reviewed. Schools with low assessment participation rate may be impacted and designated as a low performing school or district. State assessments are one form of student assessments. We utilize many ways to assess student progress and analyze our teaching and programs. Throughout the last few years, the state has made several changes as a result of concerns shared by all stakeholders. The length of the 3-8 state assessments has been decreased, students are now allowed to take extra time to complete 3-8 state assessments and 75% of the assessment questions are shared for school and district analysis. The ESSA presentation can be found on the District website under BOE presentations.

### 13. OLD BUSINESS

### Discussion: A. SHS Crosswalk-Dr. Yiendhy Farrelly, Superintendent

Dr. Farrelly said she had shared with WEBB Construction that the Board of Education declined the \$5,000 "set aside offer" the company proposed. Dr. Farrelly has asked BBS Architects to coordinate a future date for Webb to attend a Board meeting as requested. At this time, the Board did not direct Dr. Farrelly to do anything further.

### 14. NEW BUSINESS

### Discussion: A. Recycling Bin Placement Program

Dr. Farrelly, on behalf of Mrs. Psarakis, shared the information relating to the recycling bin placement program. The Elle Foundation, a 501C(3) organization, that grants last wishes to children with cancer by collecting unwanted clothing and shoes, is requesting to place 5'x5'x6' outdoor recycling bins at each school in the District. The District will be paid \$100 for each bin placed. The bins will be serviced daily. The Board of Education Trustees were all in agreement to move forward with this program.

# 15. RESIDENTS STATEMENTS

# Procedural: A. Follow-up to Residents' Statements

None

# Procedural: B. Statements of Residents re: other district items [15 minutes-limited to 3 minutes per speaker]\*

Ms. Fatima McKeon and Ms. Justina Bornn, West Babylon residents, raised questions relating to testing/assessments/opt outs and "anxious" students. Dr. Farrelly responded that students/children being anxious is a real factor and that in general students are anxious about a lot of different things including exams. As educators, we must work with our students and find ways to support them when they are anxious or nervous due to an exam, quiz, presentation or project. Dr. Farrelly said this is a difficult topic because some parents/guardians are opposed to students taking assessments. However, the community needs to understand that our schools and district will have certain designations in the future due to students opting out of the test taking and not just our student performance. Dr. Farrelly's goal is to "just make people aware". She said this topic will continue to be discussed in the future and there will be related presentations. She wants to put the information out there so all of the constituents are aware. We are at the "information stage".
